II. Match the words with the definitions.

As we know, Shakespeare invented several words (approximately 1700) during the course of his writing and created phrases that were never used together before. You can read some examples here.

<u>Shakespeare's term</u>	<u>Meaning</u>
lonely	jealousy
footed	old woman
the green-eyed monster	desire or goal
list	isolated, standing apart
vile	worthless or cheap
(old) trot	terrified
gasted	walked
